WLF7 7th WORLD LANDSLIDE FORUM INDIA 2026

Amrita Vishwa Vidyapeetham, Faridabad | 23-27 Nov 2026

*Landslide Science and Practice for
Safe and Resilient Communities*

The World Landslide Forum is the premier international platform for landslide experts, researchers, policymakers, and practitioners from around the globe to come together, share their expertise, discuss the latest advancements, and collaborate on innovative strategies to mitigate and manage landslide risks.

www.wlf7.org

7th World Landslide Forum

We are pleased to announce that the 7th World Landslide Forum (WLF-7) will be held at Amrita Vishwa Vidyapeetham, Faridabad, India from 23-27 November, 2026.

Previous editions of the World Landslide Forum have been successfully hosted in Japan, China, Slovenia, and most recently in Florence (Italy).

WLF-7 offers organizations a unique opportunity to gain high-visibility international exposure while supporting a globally respected initiative focused on disaster risk reduction and sustainable development.

Global Visibility & Prestige

Align your organization with a respected international forum engaging global leaders, UN agencies, governments, academia, and industry.

Strategic Engagement

Connect with policymakers, researchers, and practitioners advancing disaster risk management and resilience.

Innovation Showcase

Present your solutions to a focused, high-impact audience.

Lasting Presence

Gain continued visibility through official publications, digital platforms, and post-event resources.

Social Impact

Demonstrate commitment to sustainability, capacity building, and resilient communities.
